Meeting Information

When: Third Tuesday of each month at 6:30 pm except for December

Where: See monthly newsletter

Why: To participate with a community of divers to share common interests and for greater enjoyment of the sport.

Lunarfin's Mission is:

- Provide a social forum for the exchange of diving experiences between members.
- Provide a means of organizing underwater recreation for members and their families.
- Provide a means of qualification through training of members for skin and scuba diving and encourage continued diving education and safe diving.
- Promote participation in local, national, and international archaeological and biological underwater exploration and research.
- Encourage participation with other skin and scuba diving clubs.

The Lunarfin's Dive Club was organized in 1963 by a small group of divers who worked at the Manned Spacecraft Center, now known as JSC. Since that time, membership has broadened to include anyone interested in diving. The diverse membership reflects the wide popularity the sport of SCUBA diving has gained. Non-diving spouses and children are welcome at meetings and social events.

Lunarfin's is an active club in the Texas Gulf Coast Council of Diving Clubs (TGCC), which represents several member clubs. The TGCC helps advertise and promote many activities sponsored by member clubs and an awards banquet. Lunarfin's are welcomed participants in these events and can expand their diving experience and education by joining with area divers.
